Training in Purposeful Living Based on the Ageless Wisdom

THE INTERGROUP COLLABORATION INITIATIVE

Under the influence of the incoming Seventh Ray, the School for Esoteric Studies is interested in stimulating formal intergroup collaboration in support of Hierarchical objectives. We wish to explore collaboration with any other esoteric group whose work is grounded in the Ageless Wisdom and whose purpose is to serve as an outpost of the Spiritual Hierarchy in implementing the Plan for Humanity. That collaboration will include, but is not limited to:

- Understanding the mission or purpose and unique strengths of the other group and communicating our own.
- Initiating cooperative activities that evoke and strengthen goodwill in areas in which our mandates are complementary.
- Encouraging the contributions of identified “bridge” members in forming joint initiatives, with the understanding that their main allegiance is to their primary esoteric group.
- Engaging in strategic discussions of common issues and challenges in activating goodwill and working to implement the Plan for Humanity (such as addressing different types of glamour or helping youth, who are used to continuous multi-media stimulation, develop the focus and concentration needed for meditation).
- Respecting the proprietary materials and initiatives of the other group and helping to ensure the successful contributions of both that group and our own.

We are interested in hearing from esoteric groups whose purpose is complementary to our own and who are interested in exploring a formal collaboration.

Please contact us or send us the following information to at outreach@esotericstudies.net:

- Your group’s name and website
- A statement of your group’s mission or purpose
- Your group’s unique strengths
- Types of groups with which your work is complementary
- The type of collaboration in which you are interested

We look forward to exploring with you possibilities for collaboration in support of, or as an externalization of, the work of the Spiritual Hierarchy and in service to the Plan.
